BEHAVIOR CONTRACT

GENERAL RULES

We believe that the most important function of our group is to use rope skipping as a means of helping young men and women develop a good positive attitude. A caring and sharing attitude will help them successfully work and get along with others in any capacity.

- I, _____, am expected to maintain a positive attitude
- be respectful to all jumpers, coaches, host towns, housing families, and facilities
- stay on task at all practices and performances
- stay in designated areas during all team functions
- maintain a healthy lifestyle (no use of illegal substances)
- follow the other expectations for jumpers set out in the Juneau Jumper Handbook

I understand the following:

1. On my first offense to this contract I will be required to phone my parents and have them take me home after a conference with my coach.
2. On my second offense, I will be suspended from two practices.
3. On my third offense, I could possibly be suspended from the program for the rest of the year.

TRAVEL RULES

The jumpers have a great influence on many people. Discipline for inappropriate/unacceptable behavior while on a trip will be as follows:

1. First offense, a warning.
2. On the second offense, the jumper will miss the next show on the trip.
3. On the third offense, the jumper will call home.
4. On the fourth offense or major incidents of misconduct, the jumper will be sent home and/or miss the next trip. Any additional expenses incurred are the responsibility of the Jumper's parent or guardian.

Please realize that these rules are for the benefit of our jumpers. We know what great young people we have on your team and don't expect to have to use these procedures often. Any of the above procedures may be skipped/taken out of sequence if the severity/effects of the offense warrant it.
